

STUDENT-ATHLETE SUPPORT - ENDOWMENT

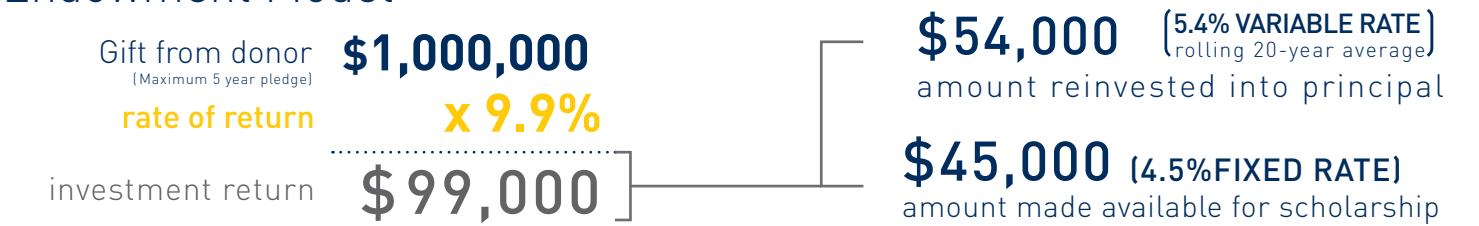

Endowed athletic scholarships are critical to the sustained success of both the student-athletes that represent Michigan and the athletic department that supports them. These scholarships provide essential financial support in perpetuity, which enables the donor to create an unparalleled legacy for their family or the family of a loved one.

Donors who contribute to the endowment do so because they want to support the university and positively impact U-M student-athletes 25, 50 or 100 years from now. The 4.5 percent distribution rate helps to insulate the endowment from anticipated market volatility and ensures continued, steady support of university operations during uncertain economic times.

Endowed Scholarship Levels

| | |
|-------------|--|
| \$1,000,000 | Scholarship becomes fully endowed. The fund can be established for any varsity sport, and tied directly to a specific student-athlete on the applicable team including football, men's basketball, and ice hockey. |
| \$500,000 | Scholarship provides full in-state tuition. The fund can be established for any varsity sport, and tied directly to a specific student-athlete on the applicable team except for football, men's basketball, and ice hockey. |
| \$250,000 | Establishes a named endowed scholarship for any varsity sport. |
